

Ingersoll Rand Forklift Parts

Ingersoll Rand Forklift Parts - Providing solutions, services and products to increase the productivity and to ensure efficiency in industrial, commercial and residential surroundings, Ingersoll Rand is very proud provider of products that help enhance the safety, comfort, security and health of people all across the world.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman manufactures refrigeration and food merchandising solutions. Trane is a trusted provider of energy efficient air conditioning and heating ventilation systems, building and contracting services, parts support and advanced controls used for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies sector provides solutions and products that enhance their customers' energy efficiency, productivity and operations. The product range is diverse ranging from pumps and tools, material and fluid handling systems to complete compressed air systems. They have also developed Club Car, the global leader in golf and utility vehicles intended for people and companies.

Trade names such as Trane and Schlage deliver residential solutions which provide comfort, safety and efficiency to home owners across North America. Their innovative products consist of electronic and mechanical locks, indoor air quality solutions, air conditioning and heating systems, advanced controls, remote home management and portable security systems.

The sector comprising Security Technologies provides products that ensure secure, safe and productive surroundings. This division's market leading products consist of floor and door closers, exit devices, portable security devices, electronic and biometric cabinet hardware, access control systems, steel locks, doors and frames, locksets and decorative hardware. Recognized trade names like Schlage also provide personal, time and attendance scheduling systems.
