

Lull Telehandler Parts

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since nineteen fifty nine. Whether the work involves transferring loads, positioning heavy steel or landing loads on scaffoldings, using a Lull telehandler would help make the work go faster and easier. These units are complete with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system provides eighty inches of boom travel for precision placement capabilities. Different optional attachments is available for Lull telehandlers so as to help complete whatever work.
