

Trek Part

Trek Parts - TREK Cleaning Machines is a machine manufacturer who is passionate about the cleaning business. The company's founders, Bob O'Hara, Jim Hartsock and Chris Knwolton, have over sixty years combined experience with effectively designing, developing, marketing, manufacturing and providing customer support. The company's cutting edge flair is a reflection of the entrepreneurial style of the founders. They strongly believe in delivering true value to their clients and are devoted to providing new design concepts and top quality to be able to meet the diverse needs of their clients.

In their product development; TREK Cleaning Machines always offers fresh design concepts. They like providing items which energize both their dealers and their partners and provide production gains to their customers.

The TREK team of workers likes new tasks and new challenges. They are extremely proud to introduce its breakthrough technology found in their Torsion scrubber line. This particular line was motivated by the comprehension of operators' skills and requirements along with their understanding of cleaning applications, along with owners' strong desire to dramatically lower cost through productivity gains.

When considered necessary, the staff members within TREK and its various dealer members in both technical support and parts would be available. One of their core values is their high service commitment in their customer service. Keeping their customers' cleaning machines running and ready on a daily basis is top priority. The company's top of the line technology delivers reliable machinery that ultimately lessens your cleaning cost. The service, the product and the price all work as one to make them the leader in the industry.
