

## Concrete Hoppers

Concrete Hopper - The self-dumping hopper attachment could automatically activate to both dump and release as soon as the bumper release contacts the side of a dumpster. When dumping is done, the hopper could go back to original upright and locked position. This particular piece of equipment even comes with a cable which allows operation from the seat of the lift truck to be able to have the option of manually unloading the hopper. There is a locking chain provided to be able to lock the hopper to the tine truck. This product is constructed with consistent and reliable robotic welds for utmost strength. The forklift dumping hopper also has a blue powder coat finish in order to maintain durability.
